

REZTEC AND REZTEC CHUNKS RUBBER FLOORING CUSTOMIZATION PROGRAM

24/7 TECHNICAL SUPPORT 800.345.6202

Expanko offers a unique customization program for Reztec and Reztec Chunks. Any combination of our standard rubber colors, as well as size variation of the rubber granules can be mixed to create new colors. Additional customization can be achieved using Expanko’s custom cutting service for corporate logs, patterns or custom tile sizes.

Custom Color Patterns:

- Select any combination (in percentages) of the colors listed in Expanko’s Reztec Brochure. Color quantity must be at least 5%. All color patterns must include at least 5% Black #34.
- Complete Expanko’s Reztec customization form and fax directly to Expanko. Be sure form is filled out completely.
- Within 24 hours, Expanko will ship a custom color pack using the specified colors at no charge.
- After signed approval of the custom color pack, Expanko can produce a production run sample. Sample lead time will be approximately one week.
- A minimal cost of \$150 applies to each production sample. This amount will be refunded upon order placement for the custom color.
- Typical lead time for custom materials is 1-2 weeks for roll goods and 3-4 weeks for tiles.
