

XCR³ CORK RUBBER FLOORING

GENERAL DESCRIPTION

TECHNICAL SUPPORT 800.345.6202

XCR³ flooring is made from a unique blend of recycled cork and rubber. It combines the benefits of these two components creating a colorful, water resistant, hardwearing floor. Benefits of XCR³ include resilience, comfort, sound reducing qualities and slip-resistance. It is available in a color palate that includes earthy neutrals, jewel tones and brights, which meet the needs of both commercial and residential installations.

Benefits:

- Extremely Durable
- Naturally Resilient
- Quiet
- Environmentally Friendly
- Exceeds Industry Standards for Fire and Slip Resistance

Applications:

Smooth Profile is an easy to maintain, long wearing general purpose flooring material suitable for a wide range of commercial applications.

Material Standards:

- XCR³ is available in 27 standard colors in Smooth Profile
- Smooth Profile: Tile: 18" X 18" X 1/8" (nom.)

Suitability:

XCR³ is an excellent choice for a variety of types of installations, including: restaurants, sports facilities, hospitals, corporate, hospitality, child care, aged care, education, auditoriums, kitchens, bathrooms, locker rooms, corridors, access ramps, transportation.
